Wildfire Innovation in Telluride

Wednesday, March 22nd at 10am MST | Telluride FPD Station 1

Learn about Telluride's pilot partnership with Pano AI. During the pilot, Telluride FPD and San Miguel Power will explore how Pano can help support rapid assessment of new ignitions, enhance situational awareness and safety for firefighters, and aid in successful prescribed fire practices. Join us to learn more about this new technology and Telluride FPD & San Miguel Power's commitment to innovation and wildfire prevention.
